PRESS RELEASE

EDILIZIACROBATICA CONFIRMS ITS ELIGIBILITY FOR THE PEA-PME PROJECT

Genoa, 21 June 2021 - EdiliziAcrobatica S.p.A., a leading European company specialising in the construction sector operating with double safety ropes, listed on the AIM market of Borsa Italiana (Ticker: EDAC) and on Euronext Growth (Ticker: ALEAC), confirms that it meets all the eligibility criteria for the PEA-PME project, as set out in the implementing decree of 4 March 2014.

As stipulated in Article L. 221-32-2 of the French Monetary and Financial Code (Code monétaire et financier), shares of European companies with fewer than 5,000 employees and whose annual turnover is less than €1.5 billion or whose total assets are less than €2 billion are in fact eligible for PEA-PME.

Consequently, EdiliziAcrobatica shares can be integrated into PEA-PME securities deposit accounts, which, we remind you, benefit from the same tax advantages as the traditional Equity Savings Plan (PEA).

***

EdiliziAcrobatica SpA is the leading company in Italy in the construction sector operating with double safety ropes. Founded in Genoa in 1994 by Riccardo Iovino, the company now has over 1,200 employees and 100 operating areas in Italy, France and Spain. The technique it employs allows working without scaffolding or aerial platforms, thus offering end customers a quality service and the elimination of scaffolding costs. The rope access that EdiliziAcrobatica is specialised in is particularly well suited to ordinary and extraordinary maintenance of buildings and apartment complexes, hotels and historical monuments. In fact, the technique developed by EdiliziAcrobatica ensures numerous benefits both in terms of accessibility for apartment complex residents and hotel guests and safety for tenants and access to monuments that always remain accessible even during restoration and maintenance works. Listed on the AIM Italia stock exchange since November 2018 and on the Euronext Growth market in Paris since February 2019, EdiliziAcrobatica closed 2020 – the year of the pandemic and the stoppage of construction sites – with €44.6 million in revenues, up about 14% compared to 2019. During the year the company also inaugurated a new business line dedicated to cleaning and disinfection and released EAcondominio, the first app in Italy for condominium administrators to facilitate the holding of remote tenant meetings.
