**EDILIZIACROBATICA: DOUBLE-DIGIT GROWTH
CONTINUES IN THE FIRST QUARTER OF 2022**

Genoa, 6 April 2022 – EdiliziAcrobatica S.p.A. continues to grow, demonstrating once again in Q1 2022 that it is a company capable of double-digit performance with total contracts signed of €25.57 million, +45% compared to the €17.64 million of the same period in 2021.

It is an excellent result that underscores the solidity of a company that, despite two years of negative events on a global scale, has always improved its performance not only in the Italian market but also in that of France, Spain and, as just recently announced, the Principality of Monaco.

The positive results extended well beyond the parent company, the franchising segment closing the first quarter of the year at €9.16 million, +7.8% versus 2021 when it reached €8.50 million.

In terms of internal growth, the Group reached a total of 1,473 employees at 31 March 2022, 34.2% more than the 1,098 people employed in the same period last year.

The results of EdiliziAcrobatica France were also solidly positive, closing the quarter at €1.02 million, growing by 50% compared to €0.68 million in 2021.

With regard to the Spanish EA Iberica, in operation since the last quarter of 2021, we can report that the value of the contracts signed was €230,000 in the first quarter.

Riccardo Iovino, CEO & Founder of EdiliziAcrobatica S.p.A., explained that “Once again, our numbers are the best confirmation of our business model. Despite the difficulties caused by the climate of global instability, EdiliziAcrobatica continues to grow and create jobs, remaining faithful to those principles and values of social inclusion and respect for people and the environment”.
