
PRESS RELEASE

EDILIZIACROBATICA: MORE GROWTH IN AUGUST
THE VALUE OF SIGNED CONTRACTS

Genoa, 12 September 2022 – EdiliziAcrobatica S.p.A. closed the month of August with a +30.2% increase in the value of contracts signed, which rose from €8.37 million in 2021 to €10.9 million in 2022.

Therefore, notwithstanding the turbulent international landscape the positive performance of the company founded by Riccardo Iovino continued in August 2022, proceeding along its path of constant growth both in Italy and abroad.

The performance of the Italian franchise network was also positive, rising from €2.59 million in August 2021 to €3.37 million in August 2022, an increase of 30.1%.

In terms of internal growth, the Group reached a total of 1,564 employees at 31 August 2022, 25.6% more than the 1,245 people employed in the same period last year.

The results of EdiliziAcrobatica France were also solidly positive, closing the month of August with growth of 57.1% to €0.22 million in contracts signed compared to €0.14 million in 2021.

"I am particularly pleased with the performance in August", commented Riccardo Iovino, CEO and Founder of EdiliziAcrobatica, "which is notoriously a month when Italians are on holiday and therefore for our industry is a time when no new contracts are stipulated and only existing projects are continued. Once again, however, Acrobatica has been able to buck the trend with 30% growth in Italy and more than 50% in France, confirming that nothing is impossible when a group of people work towards a common goal. Due to its naturally sustainable business model and low energy and gas consumption, EdiliziAcrobatica is also competitive in the construction market".

EdiliziAcrobatica S.p.A. is the leading company in Italy in the exterior renovation sector. Founded in Genoa in 1994 by Riccardo Iovino, the company now has more than 1,500 employees and close to 120 operating areas in Italy, France, Spain and the Principality of Monaco. The double safety rope technique it employs allows working without scaffolding or aerial platforms, thus offering end customers a quality service and the elimination of scaffolding costs. Listed on the Euronext Growth Milan market since November 2018 and on the Euronext Growth Paris market since February 2019, EdiliziAcrobatica has integrated the principles of sustainability into its Business Model, guaranteeing a naturally

sustainable service and a responsible approach that pursues the well-being and satisfaction of its internal and external stakeholders, and in 2021 it obtained an ESG Rating that places it among the low-risk companies in its cluster of reference.
